MATTER FOR COUNCIL.

—:o:—

SUBJECT

Proposal of the Inspector-General of Police to introduce special grades of Inspectors in Cobbee Talooks of Chief Constables and European Constables on the Kolar Gold Fields and increase the pay of the Head Constable of Kempinkote Gold Mines and that of the two European Chief Constables of the Bangalore City Police.

special grades of Inspectors for
the Gold Mining and Coffee
tracts. 2

In view of recent
events, it is necessary
to institute certain
special grades of
Inspectors for the Coffee
and Gold Mining tracts
These industries are
making great strides.
A large amount of
European Capital has
been sunk. The manage
and principal work
people are Europeans
and there are as many
as 360 Europeans
altogether in the Gold
fields. It is necessary
therefore that as far
as possible European
Inspectors should be
employed who can mix
freely and deal with
them. The Service will
not however be Confined

to Europeans. Indian
Inspectors of tried ability
and possessing aptitude
for dealing with Europeans
may also be employed
in these grades. In
fixing the pay of these
special grades the
dearness of living in
Coffee and mining tracts
must be taken into
Consideration. European
Inspectors cannot generally
look forward for promotion
to the Amildari
which is one of the
compensating advantages
which the low paid Native
Inspectors have. To
place the men above
want and temptation,
I would propose the
following scale of pay:-

1. First class Inspector
on Rs 150 + 20 for the
Manjerabad and Belur

Not at all necessary

2. Second class inspectors on Rs 100 + 20 for Kolhapur and Mudgere Talukas.

They may continue as Inspectors

The present Inspectors of the above Talukas to remain on as Sub-Inspectors.

† The Kolar Gold Fields have got a European Inspector on Rs 200 + 20 and 2 European Chief Constables on Rs 70 + 15 and 50 + 15 respectively.

Rs - 20 -

The Mining Board and the Deputy Commissioner have strongly urged that 2 more European Constables should be appointed. I would propose the following scale of establishments for the Mines:-

(1) 1 Inspector on Rs 200 + 20
(2) 2 Chief Constables on Rs 100 + 20
(3) 2 European Constables on Rs 50 each

The Kempinkote Gold Mines have a European

† See Kolar Deputy Commissioner's letter No: 330 dated 29th February 1896.

(1) Yes.
(2) The two present men may be given 85 + 20 & 60 + 20 Rs respectively
(3) Yes on 50 Rs and 40 Rs respectively

Are they not required to maintain horses or ponies?

Head Constable on Rs 30+15. His salary should be fixed at Rs 50+15 for the present.

There are 2 European Chief Constables in the Bangalore City whose pay is Rs 50+15. Each of these officers is responsible for the peace of one half of the City. The High ground has a large number of European residents and the Fort Division many Eurasians and latterly European also. At present all promotion is barred to them as there are no higher grades in the City Police to which they can aspire.

I would recommend that their pay may be raised to Rs 75+20 to

may be left above till time more

may be raised to 60+20 if the men are of sufficient height & size

I am in favor of the measure proposed, but I dont see any reason why the two Head Constables of the Kolar Gold Fields and 50 each shd not be allowed an allowance each of Rs 15. The Chief Constables are provided with free house & Clothing

Rs. 8 may be sent to be taken | To rise by annual
of Silk mines when Vacancies | increments to Rs 100+2
may occur

The total Cost of the above proposals will amount to } Rs 60,50

For raising the pay of the Constables Rs 49,64

2. Special Grades of Inspectors and Chief Constables. 680 × 12 } Rs 8,16

Pay of 5 Probationary Inspectors 225 × 12 } Rs 2,70

Total Rs 60,50

I have given their proposals
my best consideration & read
the voluminous file much of
which has no direct bearing
on them.

The opposition from the
Kadini Deitt authorities is
for the reason of Bonni controlled
chiefly & and on this point
~~Mr~~ he there is nothing said
in this memo. There is no
need of a Special European
Bonni Force for the maharaja
The chief characteristic of this
European population there is
that they are all gentlemen
employed in managing their
own or their employers' estates.
It has been so for the last several
years and there have been
no recent events which I am
able to call to my mind changing
this position - During the Coffee
picking season a temporary
Jemedar & two may be employed
as heretofore and no additional
of European Constables is called
& I must record my opinion

against it -

Nothing is said about Kempinkolé and I want information regarding the number of Europeans residing there. The Goldfields of Kolar are differently situated and there has sprung up a large settlement of laborers & other European workmen - who are already numerous. I would add one constable on 70 + 20 as recommended by the Coorg Kolar -

I also do not quite agree with the proposal I have made that there appears to me to be a considerable disparity between the grades and that the grades must be better formed and must be more gradually ascending. To allow this end one constable on Rs 70 + 20 may be raised to 70 Rs. The horse allowance may be raised to 20 all round. To sum up my opinion is

(1). Raise the horse allowance to 20 Rs all round

(2). Have one addl constable

I have called it - d
The 2nd Corps. There are European in these classes but not [illegible] [illegible]

on 10 Kg. on Kolar Goldfields.

(3) Raise the terms of one of the Contractors in Bangalore to 70 Rs.

Memo

What is required for the Copper trust is not
a European Constabulary, for the labouring
population is native, but a few European
Inspectors - ie. Gentlemen Inspectors who
wd be of use in Establishing Satisfactory
Relations between the European Planters,
& the Native ~~population~~ & Coolie Residents
& Coolie population.

We already have a European Insp^r
in Kolar Gold Fields on Rs 200/-
Two or three more rising up to
the same pay are necessary.
They existed before. I wd
not call them European Insp^rs
but call them Special Insp^rs but
always take Care to appoint ~~always~~
~~all~~ Europeans and if possible Sons of
Gentlemen ~~of~~ who
wd be on a position of Social
Equality as far as possible
with the Planters & their
Sahibs - "These European
Insp^rs Can't be excluded

to become amildars & must look for promotion, otherwise as the reward of proved Special merit to the rank of—

Asst-Supts. Mr Hamilton & Mr Ballard now in that way—

No Second Supt is required for any Coffee Taluk

If a European Supt is not available in any Coffee Tk and a native Supt has to be placed in charge let him have a local allce of Rs 30 or 40 — and his promotion in the ordinary Course will be to an amildari—

For the present I wd have only 3 European Supts

My Gold fields. — Gets about 200 + 20

1) Hassan Dt—
1) Hassan Dt—

3

Pay 100 rs is to 200 + 20 to begin ones to qualify. If successful Each can look after 2 Talukes being conducted for one by a native Supt subordinate to him.

As regards the European Constables
if we expect to keep our men
& to attract others in their place
we must adopt the same Scale
of Salary as in C & the State &
the Railways.

Kensington Police Office is being closed
and the Constables there may be available for Kolar
and a new one is required in
Addn

Regarding rates of pay of the E. Constabulary
in City & Gold Fields, I do not
wish regarding rates in C & the
State & Railways which please get.

6/7/96

Before giving a final opinion regards the
Scale of E. Constabulary. I wd like to know the
W.C. which before existed & when they were
Established - I will then consider what
W.C. now be suitable having regard
to the immense extension of the Coffee
industry in recent years.

SIR;

With reference to your docket No. 3593/J379 dated 14th September 1896 enquiring whether it would not be more appropriate to style Chief Constables as Sub-Inspectors, I have the honor to state that the designation "Chief Constables" may be retained for the present. I find that, in Bombay, it is applied to officers who correspond to our

Inspectors and who draw salaries ranging from Rs 60 to Rs 100. I shall ascertain the system adopted in Madra both in the City and Districts and recommend a change if found suita -able.
